“NOT JUST ENGLISH” THE PROJECT IN BRIEF

- **Not just English”** are **online laboratories of English** for the **children of employees** of **different Companies** and the **children of members of Professional Associations in Italy** and **their branches all over the country** willing **to learn, improve and interact in English**, in a safe online environment.
- **4 possible online laboratories** per week to enrol for all participating children **(Mondays OR Wednesdays) (2 per target age)**
- **Laboratories per target age:**
 - 3 laboratories for children aged 7-8-9
 - and 3 laboratories for children aged 9-10-11
- **50’** per laboratory
- **Learning skills and school subjects changing from week to week:** Listening, Writing, Reading, Speaking, Maths, Language and Arts, etc.
- **12 children maximum** per laboratory/group, and **8 children minimum** enrolled, before the project starts.
- Laboratories take place on an **online platform (zoom)**
- **The cost per student/child** participating in the project **is €180** for every 10 labs.

“NOT JUST ENGLISH” THE PROJECT, FULLY EXPLAINED

1. **“Not just English”** are **online laboratories of English** for the **children of employees of different Companies and and the children of members of Professional Associations in Italy** and **their branches all over the country** willing to learn, improve and interact in English, in a safe online environment.
2. **The laboratories take place on an online platform (zoom)** using the **language** not only for linguistic purposes, but also as a **vehicle to learn about other subjects such as Math, Science, Arts**, following the corresponding syllabus of such subjects in Primary School level.
3. The idea of **online laboratories (on zoom platform)** is, in fact, that of **preparing the children for a more technological world when accessing education** while, at the same time, **having a controlled and disciplined environment** created by Teachers who already have experience teaching Young Learners online.
4. **“Not just English” online laboratories** are taught through games, music, entertainment, movement, and soft skills, all **relevant to the process of language acquisition**, for **children aged 7 to 11**.
5. **“Not just English” online laboratories** follow the syllabus of language acquisition **levels A1-A2**, suggested **by the Common European Framework of language**.
6. **“Not just English” online laboratories** renews every **10 school weeks**, following the Italian calendar of lessons and festivities **from October to May**. (October-December, January-March, March-May, etc)

7. **“Not just English”** offers to all participating children **the possibility to enrol**, before starting the project and for all fifteen (10) labs, **in one of the four (4) different laboratories** per week, two (2) per target age.
8. The target ages that have access to **“Not just English” online laboratories** are divided into **2 groups of Learners**:
 - **Very Young Learners: Learners aged 7-8-9** (2nd and 3rd year of Primary School)
 - **Young Learners: Learners aged 9-10-11** (4th and 5th year of Primary School)
9. **“Not just English” online laboratories** take place during the following times, every week:
 - **18.10-19.00 Italian time.** Learners 7-8-9 (2nd and 3rd year of Primary School)
 - **19.10-20.00 Italian time.** Learners 9-10-11 (4th and 5th year of Primary School)

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
18.10-19.00	Sts 7-8-9		Sts 7-8-9				
19.10-20.00	Sts 9-10-11		Sts 9-10-11				

Mainly “students who are NOT new”
Mainly “students who are NEW”

10. The **maximum number** of children attending each of the four (4) laboratories offered every week **is 12**, per target age. And the **minimum number** of children **is 8**. Each of the groups programmed to start the project, will only do so **as long as the minimum number of children (8)** for each group is reached.

11. **Families** of the Companies participating in the project **enrol the learners before the beginning of the project** and **choose the time** (according to the target age of their child) **and the convenient day** for their child to take part in the project.
12. Every week each laboratory focuses on **different learning skills** and a **different school subject**, using English as the main vehicle to teach both the skills and the subject.
